

# SWEET VERMOUTH | VIRGO | No. 1

Starfield Vineyards Virgo is a beautifully fresh, floral, and graceful botanically infused, all-natural vermouth. It has 13 botanicals elegantly intertwined, including raspberry, rhubarb, strawberry, mint, orange, bergamot, apricot, blood orange, peach, blessed thistle, blueberry, cinchona and chamomile, with Starfield Estate grown Grenache.

The Virgo showcases the abundant cornucopia of California's fresh fruit and accessibility to high quality ingredients. Each component was picked in its prime so that the truest essence is prevalent in the glass. This bright and light vermouth is exploding with flavor while maintaining the finesse of its Grenache base, accentuated by the ripe fruits that accompany it. While there are 13 botanicals used in this recipe, you will be surprised to taste how the herbs and spices create a background of complexity while highlighting and elevating the fruit flavors. Enjoy the Virgo as a mixer for your favorite cocktail, neat, on the rocks or with soda garnished with an orange wheel and a sprig of mint. For a bright, summer profile, add muddled blueberry & raspberry, pour over ice, add a splash of Starfield Blanc de Blancs, lightly stir and garnish with a sprig of mint.
